1959

Forgot  
things

Dear Larry,

It has really  
been enjoyable  
going these past  
3 years to school  
with you. I hope  
you will always  
remember them  
as I will. And  
alone all don't  
forget the fun  
we had running  
around the race  
track at Dixon.

Your friend  
Phyllis

Larry

It has been fun  
going to school with  
you these past years  
and I wish you all  
the luck. But what  
about the woman that  
you see right after night

Burl

Hi Radio,

Do not know how  
big you, but those sexy  
hairdos - the most!

Here's hoping you  
have plenty of good luck  
in the future.

Your friend  
Tommy Martin

The past three years  
I have enjoyed going  
to school with you,  
& hope that in the  
future there will  
be a lot more!  
and all the parties  
that we have had  
together were a lot  
of fun

always your friend  
Bud Zirkle

Dear Larry

I have had fun  
the years we have spent  
together. Hope there will  
be more to come.

Best of Luck  
your pal  
Mike Miller

## *Dedication*

Our hearts overflowing with love, gratitude, and admiration, we, the graduating class of 1959, have chosen to honor, in a very special way, those devoted parents upon whom we have depended so completely for guidance and understanding throughout the blossoming years of our lives.

With a spirit of sincere humility intermingled with the joyful pride of achievement, as your sons and daughters our senior class is indeed privileged to dedicate this 1959 PIRATE to you, Mom and Dad.

To the Seniors and D. L. Harvey, the sponsor, I wish to express my sincere thanks and appreciation for making the PIRATE of 58-59, a tremendous success.

This annual marks the twelfth anniversary of the GATE PIRATE. It also marks a milestone in the lives of the '59 Seniors, who were in grade number one when the first PIRATE was produced. Much progress has been made during these twelve years. As the annuals became better and more complete, the students grew and advanced in their march to educational development.

Now as the final goal in high school development has been reached for the '59 Seniors, so has another goal been reached for the GATE PIRATE. However, as the Seniors pass from Gate High, the PIRATE shall remain, and we all know that its high standard of quality shall continue to rise and be a reminding tradition of classes in the past and those in the future.

To you who are leaving us now, and you who shall remain, it is our sincere hope that you will have nourished your hopes and dreams for a brighter and happier future. We hope that we have helped to plant in you the desire to become the worthwhile citizens and leaders that we know you are capable of being.

## *Class History*

In 1947, twelve little tykes, bewildered and scared started on their rough, but rewarding road to education. They were as follows: Robert Avery, Johnnie Despain, Eugene Dixon, Burl Landers, Tommie Martin, Jimmy Perkins, Larry Wilson, Darlene Miller, Mary Shephard, Phyllis Moore, Bernice Whisenhunt, and Sharon Farrel.

Due to moving and sickness from the first grade to the freshman year we lost Eugene Dixon, Johnnie DeSpain, Sharon Farrel, and Phyllis Moore. We had gained Charlene Dyer, and Rose Stahlman. When we were sophomores we welcomed back Phyllis. Bernice and Charlene decreased the wit and size of our class in our junior year.

Our class is taking the final and fatal steps thirteen strong. We are Phyllis Moore, Mary Shephard, Robert Avery, Darlene Miller, Larry Wilson, Jimmie Perkins, Rose Stahlman, Burl Landers, and Tom Martin.

We were pleased to welcome Mesdames Elva Whisenhunt, Elisabeth Newby, Ruby Oswald, and Catherine Williamson in our senior year. Congratulations to these adults who are finishing their high school credits.

We will always cherish the memories of our school life above all things. The lessons learned and emotions experienced will be very profitable and beneficial. We will always have a warm spot in our hearts for those sharing victories and defeats that are remaining at Gate High to carry on the traditions that we tried to uphold in every possible way.

## *Class Will*

The seniors of '59 being of sound mind (??) do leave this final will and testament.

I, I, Mary Shephard, will my pony tail to Julia Graves and my ability to play the trumpet to my sister, Joyce.

I, Phyllis Moore, will my boldness to Larry Heinz and my right arm basketball throwing ability to Konda Merett.

I, Oz Avery, will my height to Mike Stockton and my studious nature to Eugene Dixon.

# Class Prophecy

As our rocket ship nears the outer space platform we stop suddenly. We get out to see what is wrong and find we are snagged on TOM MARTIN'S Ham Radio Antennae. We stop to talk with our old classmate and find he has been on the platform for 10 years experimenting with moon mice. From there we go to Mars where we find DARLENE MILLER singing and directing the Choral Group consisting of her six daughters. In our conversation with Darlene we find she owns the largest dress shop in all outer space.

President and designer of her shop is none other than the old farm girl herself, MARY SHEPHARD. All the exquisite designs you see in outer space are designed and modeled my Miss Mary. In her one day off she rockets down to Hawaii to give her lecture on "Personality Improvement" at the Hawaii College for girls and designs the hula skirts.

From Mars we journey back to Darkest Africa where we find OZZIE AVERY coaching and playing with the Harlem Globetrotters. The Globetrotters are warming up for their game with the African pigmies "The Congo Longjohns." Ozzie says they are planning on playing a good fast game, but they could play better if Darkest Africa had some lights.

From Darkest Africa to the coldest icebox in the world, Alaska, we find RUBY OSWALD fishing for and selling sardines by the box fulls. Ruby says that business is very good because in Alaska the people carry a can of sardines in their first aid kit for smelling salts. Heading back to warmer climate we stop off at Hawaii. There lounging under a palm tree drinking cocoanut milk shakes is none other than LARRY WILSON. Larry spends all his time under the palm tree except when he is working as president in the English department of the Hawaii College for girls. We find that Larry's favorite hula dancer is our old Gate High stomper, ROSE STAHLMAN. Rose only does the hula in her spare time when she is not busy being a good mother to her 10 kids. We made the trip from Hawaii to N.Y. in five seconds. While we were carrying on a conversation in the decompressing unit we ran into our old friend, BURL LANDERS. Much to our amazement we found that Burl was piloting our rocket. He told us that the reason for the fast trip was that his coke break was in five seconds and he couldn't get off schedule.

## NUMBER 2 IN STATE CLASS "B" PLAYOFFS

The Piratettes, pre-tourney rated #6, entered State playoffs at Okla. City with an impressive 23-5 record which includes the following: East Conf. Champs, runner-ups in NWSC and Beaver Co. Tourneys by a total of 4 points less than winners, District Champs, and Regional Champs highlighted by 8 point defeat of #1 ranked Aline.

State tourney memories include snowstorm, defeat of Port, citified hamburgers, outplaying 5th ranked Quay, and becoming #2 team in Oklahoma when defeated by Howe in mammoth Municipal Auditorium.

Members of the squad lost via graduation are: Darlene Miller, Mary Shephard, Phyllis Moore, and Rose Stahlman.

The Gate Pirates ended the '58-'59 with a record of 20-5 and a winning percentage of 80 per cent.

The Pirates were entered in two invitational tourneys, losing out in the semi-finals of the Northwestern State, and taking top honors in the Beaver County.

The Pirates piled up a total of 1307 points compared to 1014 points for the opponents. This was an average of 52 points per game for the Pirates. The opponents average stood at 40 points. In spite of this distinct advantage, the Pirates, humbled by a wave of late season sickness, were toppled in District competition.

Players lost via graduation are, Burl Landers, Jimmie Perkins, Larry Wilson, and Robert Avery.

## *(Prophecy Con't.)*

Taking time out for a break we go into the New York Convention Hall where we find ELVA WHISENHUNT, our local television star, presenting the lecture, "Bugs on Parade." Elva obtained her Ph. D. degree on mosquitoes in 1968 at the Gate College of Entomology.

From New York we go to Hamburg, Germany, where we find ELIZABETH NEWBY and CATHERINE WILLIAMSON, slinging hash for General Elvis Presley and his 49th division of the task force 1971 tanks. In their time off from work Elizabeth leads the choir group of the Episcopalian Church and Catherine spends her spare time off chasing rare Australian butterflies for the New York Institute of Natural Science.

Germany to Hollywood with the 16th stage of the rocket just dropping off. We go to the Hollywood preview where we find PHYLLIS (Sacthmo) Moore playing her jazzy trumpet in the largest orchestra in the world. Phyllis's hobby is collecting French poodles.

Time out for a brief News Bulletin. Headlines "Home Town Farm Boy, JIM PERKINS just inaugurated as Chief Justice of the Supreme Court." We hop on our rocket and headed for Washington D.C. to have a chat with him. His first case will be an interplanetary dispute between the Earth and Jupiter disputing over who owns the rings around Saturn.

The last stage of our rocket is just beginning to fall off so our look in the future is now complete. We found that the 1959 graduating class of old Gate High has been a tremendous success.
